Why I love this church...

"This is where we raised our kids. It was our village. Raising kids is tough, and this was the perfect place, the right place, to do it. It was our support system. And it still is my support system and my hope."

- Vicki Braden

Kids say the funniest things...

A Kindergarten teacher was observing her class while they were drawing. She would occasionally walk around to see each child's work. As she got to one little girl who was working diligently, she asked what she was drawing. The girl replied, "I'm drawing God." The teacher paused and said, "But no one knows what God looks like." Without looking up from her drawing, she said, "They will in a minute."
